

The new EstrichBoy DC 450

The legend in a new design

For semi-dry floor screeds

- Cement screed
- Calcium sulphate screed (anhydrite)
- Magnesia screed
- Vibrating floors (consistency-dependent)

The “original” over 50 years!

The EstrichBoy from Putzmeister – advancement and unrivalled configuration options. The new EstrichBoy is convincing up to the smallest detail.

- Reliable, robust and easy to operate
- User-friendly by ergonomic control panel
- High delivery rate, improved efficiency
- Extra Power (as option):  BluePower
- Of lasting value and economical thanks to the high resale value
- Top class service with wide dealer service network

Diesel engine is efficient and fuel saving with extra large 70-litre tank

Everything in view due to the new Ergonomic control panel – even more user-friendly

Large mixer drum with wear-resistant mixing tool

Further benefits:

- Technology „made in Germany“
- Optimized accessibility and ground clearance
- Low maintenance and wear-resistant
- Approved genuine parts
- Fast, reliable spare part supply
- Training for users and engineers in our Academy

Technical data DC 450

Mixer drum	260 l; 200 l useful capacity
Delivery range*	180 m horizontally, 90 m vertically
Delivery rate (theo.)*	3,8–5 m³/h
Delivery pressure	8 bar
Compressor	4,4 m³/min
Engine	3-cylinder Deutz diesel; 31.5 kW at 2,300 rpm (emission category III A)
Tank capacity	70 l
Weight	1900 kg
Length × width × height	5020 × 1560 × 2515 mm
Filling height	900 mm (B+BS 400 mm)
Chassis	80 km/h (100 km/h as option)
Maximum grain size	16 mm
